**Re: WC Docket No. 14-58  
2015 ETC Annual Report of Lancaster Telephone Company  
Study Area Code 240531  
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client Lancaster Telephone Company (“Company”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,<sup>1</sup> withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).<sup>2</sup>

1. The information for which the Company is seeking confidential treatment is an attachment to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).<sup>3</sup>
2. Pursuant to Section 54.313(a)(1), Rate-of-Return Eligible Telecommunications Carriers (“ETCs”) must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan (“Progress Report”) which is contained in the attachment to the 2015 Report.<sup>4</sup>
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s Five-Year Plan provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

<sup>1</sup> 47 C.F.R. §§ 0.457, 0.459.

<sup>2</sup> 47 C.F.R. § 0.459(b)(1) through (9).

<sup>3</sup> 47 C.F.R. §§ 54.313, 54.422.

<sup>4</sup> 47 C.F.R. §§ 54.313(a)(1).

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."<sup>5</sup> The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.

<sup>5</sup> See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.
7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall

- Lancaster Telephone Company had one unfulfilled request for broadband in 2014.
- Lancaster Telephone Company did not have equipment to provide internet services in this area at time of request.

- The general location of the customers is Lancaster, South Carolina.

**Lancaster Telephone Company's Demonstration of Compliance with Applicable  
Service Quality Standards and Consumer Protection Rules**

In establishing this certification in its *2005 ETC Order*,<sup>1</sup> the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers."<sup>2</sup> The FCC found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis.<sup>3</sup> In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement."<sup>4</sup>

Lancaster Telephone Company ("Company") hereby certifies that it is in compliance with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under both federal and South Carolina state law. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of the Public Service Commission of South Carolina which disclose rates, and terms and conditions of service to customers (Section 103-612.2.1 of the South Carolina Code of Regulations); (2) adherence to state consumer protection requirements governing telephone providers

which govern Standards and Quality of Service (Sections 103-661, 103-662, and 103-663 of the South Carolina Code of Regulations); Customer Relations, including billing, deposits, discontinuance and termination of service (Sections 103-620 through 103-633 of the South Carolina Code of Regulations); Engineering and Safety Standards (Sections 103-640 through 103-646 and 103-670 through 103-672 of the South Carolina Code of Regulations); Inspections and Tests (Sections 103-650 through 103-653 of the South Carolina Code of Regulations); Records and Reports (Sections 103-610 through 103-619 of the South Carolina Code of Regulations) and Customer Complaints (Section 103-628 of the South Carolina Code of Regulations); (3) truth-in-billing requirements (Section 103-622.1 of the South Carolina Code of Regulations); and (4) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order* when it becomes effective.

## **Lancaster Telephone Company's Demonstration of Ability to Function in Emergency Situations**

Lancaster Telephone Company ("Company") hereby certifies that it is able to function in emergency situations as set forth in 47 C.F.R. § 54.202(a)(2)<sup>1</sup> and Section 103-646 of the South Carolina Code of Regulations. The Company's voice and broadband network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2) and Section 103-646 of the South Carolina Code of Regulations. The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company has battery backup at all office locations and in its electronic equipment sites. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Generators are installed at all Central Office locations. They will continue to run as long as the Company has access to fuel.

---

<sup>1</sup> Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

**PETITION OF THE COMPORIUM COMPANIES FOR LIMITED WAIVER OF  
SECTION 54.313(f)(2)(ii)**

Comporium, Inc. fka Rock Hill Telephone Company, Lancaster Telephone Company, Fort Mill Telephone Company, Citizens Telephone Company and PBT Telecom, Inc. (collectively the “Comporium Companies” or the “Companies”) pursuant to Section 1.3 of the Federal Communications Commission’s (“FCC” or “Commission”) Rules<sup>1</sup> request a limited waiver of the requirement specified in Section 54.313(f)(2)(ii).<sup>2</sup> This rule requires privately held rate-of-return carriers that are not recipients of loans from the Rural Utilities Service (“RUS”) whose financial statements are audited in the ordinary course of business to file a copy of their audited financial statement with their ETC Annual Report (otherwise known as the “Form 481”).<sup>3</sup>

As demonstrated herein, “good cause” exists to allow the Comporium Companies a two-month limited waiver to submit the finalized version of their annual consolidated financial audit report after the July 1, 2015 deadline to submit their Form 481. Due to delays caused by obtaining necessary financial information from an entity in which one of the Comporium

Companies has a joint investment, the final audited version of the Companies' consolidated audit report will not be available by the July 1 deadline. However, the Comporium Companies will be submitting a draft version of the report in their Form 481s and will populate the Lines 3027 – 3034 with the required financial data. Accordingly, the public interest would be served by allowing the Companies additional time to supplement their Form 481s with the finalized version of the consolidated audit report.

## **I. Background**

The Comporium Companies are privately held rate-of-return carriers that are not recipients of loans from RUS and have financial statements that are audited in the ordinary course of business. Each year, the Companies' external auditors, KPMG, LLP ("KPMG"), prepare a consolidated audit report for the Comporium Companies. In its *Fifth Order on Reconsideration*, the FCC clarified that companies that have study areas that are under common ownership or control and prepare a consolidated audit report "may file financial reports on a consolidated basis" in their FCC Form 481s.<sup>4</sup> Accordingly, in compliance with Section 54.313(f)(2)(ii), each year in their Form 481 filings, each of the Comporium Companies submit the consolidated audit report prepared by KPMG.

## **II. Grant of this Waiver is Warranted**

Generally, the Commission's rules may be waived for good cause shown.<sup>5</sup> Furthermore, the Commission may exercise its discretion to waive a rule where the particular facts make strict

compliance inconsistent with the public interest.<sup>6</sup> As demonstrated herein, grant of this petition is warranted.

The Comporium Companies and KPMG have been working diligently in preparing the consolidated audit report for 2014. However, the finalized version of the report will not be completed until after the July 1, 2015 deadline due to delays in obtaining audited financial statements from Tide Mobility, LLC (“Tide”). Tide Mobility is a joint investment of Comporium, Horry Telephone Cooperative, and AT&T Mobility. Comporium contributed its wireless assets in exchange for an interest in Tide Mobility. Tide Mobility is audited by another audit firm. Accordingly, KPMG must rely on the other audit firm to provide the necessary financial information pertaining to Tide in order to complete the audit for the Comporium Companies. The other audit firm, however, did not provide the required financial information to KPMG in sufficient time for KPMG to finalize the audit by the July 1 deadline. Attached hereto is a letter from KPMG agreeing with the stated reasons as to why KPMG has been unable to complete its audit by the filing deadline.

Although the finalized version of the consolidated audit report will not be completed until after July 1, the Companies have been provided with a draft version of the report. Accordingly, the Companies will submit this draft version in their FCC Form 481 filing. Further, because the financial data in the draft version has been finalized, the Companies will populate that data in Lines 3027 – 3034 of their respective Form 481s. Accordingly, waiver of Section 54.313(f)(2)(ii) is sought only to be able to supplement the Form 481s within two months after the filing deadline so that the finalized version of the consolidated audit report can replace the draft versions. Such a limited waiver would further the public interest as strict compliance with

this rule could result in each of the Companies having their high cost universal service support reduced on a pro-rata daily basis equivalent to the period of non-compliance,<sup>7</sup> an extremely harsh penalty for these rural rate-of-return carriers.

Respectfully submitted,

Mr. Robertson:

Pursuant to Section 1.3 of the Federal Communications Companies Rules, we inform you that we have been furnished a copy of a petition of the Comporium, Inc. for Limited Waiver of Section 54.313(f)(2)(ii) to be filed by Comporium, Inc. (the Company) on or about June 22, 2015, which contains notification of the Company's inability to file its audited financial statements prepared in accordance with the requirement specified in Section 54.313(f)(2)(ii). This rule requires privately held rate-of-return carriers that are not recipients of loans from RUS whose financial statements are audited in the ordinary course of business to file a copy of their audited financial statement with their ETC Annual Report (otherwise known as the "Form 481") prescribed or permitted by the June 30, 2015. We have read the Company's statements contained therein and we agree with the stated reasons as to why we have been unable to complete our audit and report on the Company's financial statements for the year ended December 31, 2014 by that date.

Very truly yours,
